

Anathi Programme 2025

AFRIKABURN 

28/4/2025 – 4/5/2025

Out Of The Blue

What the programme looks like in 2025

Anathi Programme in 2025 will have an allocation of **200 tickets**.

We want each of the tickets purchased so here's the plan:

- +/- 90 tickets will be offered through the **creative grants** process
- +/- 50 tickets will go to **Chillaz**, focusing on groups and bands that are “incubated”
- +/- 60 tickets will be for **general applications**.

What changes are happening

In 2025, the Anathi Programme will see some changes:

- **Group applications can only happen through Creative Grants**
- **Everyone else needs to apply individually**
- **AfrikaBurn will not be booking transport**
- **All tickets can be allocated a grant**
- **There will be three separate applications processes this year:**
 - **Creative Grants** (artworks and performances)
 - **Chillaz** (incubation)
 - **Public/ general application** (theme camps and registered projects)

Why these changes are happening

We're moving towards individual applications (except Creative Grant Crews) because:

- The burden on crew leads to do all of the admin, has led to missing info and documents
- Crews have been applying for way more tickets than they actually use - sometimes double.
- Crews are missing the application deadline because they are focussed on the Creative Grant process
- Group transportation has never been radically self reliant, and has always been challenging - AB is not a travel agent
- We intend to enable all by ensuring each ticket will have access to a grant

How these changes are happening

To implement these changes, we will take the following steps:

- **Information:** *tickets.afrikaburn.org* will provide you with all the important info when tickets launch.
- **Contacts:** Since we won't be booking transport we will share contacts of suppliers that have delivered the service
- **Support:** The same team will be here to support you by hosting sessions, providing FAQs and helping you step-by-step in getting it right

Applications through Creative Grants

In “**Section B THE PEOPLE**” on the 2025 Creative Grant Application please look out for and TICK:

“4. Another Question (restricted)

Please tick if applicable to you or any of your team members:

I and/or members of the team identify as divested, marginalised, previously or currently disadvantaged; and are South African, living in South Africa, and/or nationals of other African Countries.

If this applies to you/the team, we will then consider how opportunities such as the Anathi Ticket and Access Grant and other support mechanisms can be made available to you and your crew to help level the playing field.”

The Creative Portfolio will then ensure that your crew can access Anathi.
